# NORTHERN INSTITUTE OF PHARMACY & RESEARCH

Northern Institute of Pharmacy & Research is a dynamic contemporary rising institute of Alwar region of Rajasthan with reputation in innovation and excellence in teaching.

Northern Institute of Pharmacy & Research (NIPR) offerses D.Pharm (Diploma in Pharmacy), B. Pharma (Bachelor of Pharmacy) and M.Pharm P'Cognosy (Master's of Pharmacy in Pharmacognosy) courses, with a commitment to impart international quality of education in pharmaceutical fundamentals and specializations allied to medical sciences.

The Institute is loaded with modern infrastructure and novel equipments, which ultimately lights on outcome-baesd research that responds to the current health care challenges. Experienced and technically cognizant staff with good atmosphere of professionalism would help the student to deliver exceptional pharmacy education.

Pharmacy is the field of health care sector in which student learn traditional roles such as compounding and dispensing of medications along with modern roles such as clinical services, reviewing medications for safety and efficacy and drug informatics. This course has pledge to form a budding and competent pharmacist.

Pharmacists are medication experts who enhance patient care and promote wellness.

Pharmacists can use the professional knowledge to prepare and dispense prescriptions, ensure medicines and doses are correct, prevent harmful drug interactions, and counsel patients on the safe and appropriate use of their medications.

## THO REASONS WHY PHARMACY IS A REWARDING CAREER
